

VISION / LESABRE 3

Features

Square luminaire for parking lots and fast food entrances.

- Square, formed and welded aluminum housing.
- Extruded aluminum door with drop prismatic acrylic, drop prismatic polycarbonate or flat C-73 patterned glass lens fully gasketed to housing for LeSabre. Vision has patterned acrylic lens only and available with optional quick release latch. Hinged and secured with captive fasteners standard.
- Semi-specular, anodized aluminum reflector for horizontal lamp. HPO, high-performance optics, consists of specular, anodized aluminum reflector panels which is optional for LeSabre 3 (horizontal lamp) and standard for Vision (vertical lamp).
- Pole-side mount includes extruded aluminum arm. Wall mount includes cast aluminum bracket.
- Metal Halide and High Pressure Sodium lamp sizes up to 400 watts for LeSabre. Vision available in Metal Halide only.
- Socket is enclosed mogul porcelain, pulse rated with spring-loaded, nickel-plated center contact and reinforced lamp grip screw shell.
- Ballast is CWA type, HPF, starting rated at -20F (-40F for HPS).
- TGIC thermoset polyester powder paint finish with choice of five standard and two premium standard colors.
- UL and CSA listed for wet locations.
